

## NEWSIGHT 42" MULTIVIEW AD3

### Spectacular visual impact delivered anywhere, anytime.

NewSight hardware and software solutions transform and showcase your existing content in an exciting 3D medium.

Wherever visual media is delivered, NewSight has the 3D display solution to make that experience more lifelike, immersive and entertaining.

NewSight – the global leader in 3D hardware and software technology, leverages 8 years 3D expertise with dozens of international patents and innovations to create the most stunningly realistic digital three-dimensional experience.

Our large display has an optimum viewing distance of 11' – 33' which makes it ideal for many digital signage and promotional applications.

Besides our standard display products, we offer customized sizes developed and produced according to your specifications.
